

District 5370 Rotary E-club

Expression of Interest

This is not an application for membership

District 5370 is exploring the chartering of an E-club and would like to survey levels of interest among existing members of clubs in this District and within Canada. If you are interested in possible membership of this E-club, or would like to receive more information about its formation, please complete this form. This is only a survey to be used to determine viability and applications for membership are not being sought at this time.

E-clubs are an exciting innovation by RI, offering a new form of Rotary participation. This first E-club to be established in our District will be designed to accommodate current and former Rotarians who spend the winter months away and are not able to participate in regular club activities year round. Former members of Rotary clubs who resigned for this same reason may also consider this option. Those seeking membership will undergo the same type of membership application conditions as for traditional clubs. Membership of an E-club requires the same level of Rotary "attendance" as a traditional Rotary club, and the same level of commitment to the full range of the E-club's activities and projects. (Note: This is not an adjunct to current club membership as you can only belong to one club)

This E-club within D5370 could be open to all "Snowbirds" in Canada. Send this to other friends that may have an interest and return no later than September 6, 2011.

Please complete the information in the grey squares (*Required Fields)

Full name:*

Current Rotary Club:*

District #:*

Address (for snail mail):*

City:*

Province/State:*

Postal Code:*

E-mail Address:*

Home Phone:*

Business Phone:

Classification:

Rotarian Number:
(Ask your Club Secretary if you don't know)

I am interested

a. Please keep me up to date about the formation of this club.

b. Please consider me for possible membership.

If you were considering membership of this E-club, you would need to have valid reason which meet the guidelines established by Rotary International. Please mark the relevant boxes below for the reasons which might apply to your circumstances to join an E-club rather than a traditional club.

Business commitment

Health issues

Geographic location

Mobile lifestyle

Snowbird

Other

If you checked off "Other" in the boxes above, then please explain briefly the reason. Please share any other comments regarding this concept including your willingness to be involved in the charter process if sufficient interest warrants a charter within the next Rotary year.
