

# **Rotary Club of Athabasca**

## **Associate Rotary Member Class - Approved November 21, 2012**

**Rationale** - Associate Rotary Membership makes Rotary accessible to community members who share Rotary values but who, due to family, work or health obligations, cannot attend meetings on a regular basis. It also offers potential members the opportunity to experience Rotary for a period of time without making a full member commitment. Associate membership also encourages those who want to help with Club service but are not into meetings.

**Attendance** – Associate members are required to participate in Rotary functions at least 12 times during the year. This can include meetings, work parties, fellowship meetings or Interact meetings. Once a month meetings are encouraged, but this may not be feasible. No more than 3 months should pass without participation at a club function.

Associate members will be on the Rotary Club e-mail list and have access to ClubRunner, allowing them to be aware of upcoming speakers and business meetings. While they cannot fill club executive roles, they are eligible to join any committees and be involved in student exchanges.

## **Associate Membership & Meal Plan - Approved December 12, 2012**

Associate member dues will be \$200/year, payable annually, which includes 10 associate member meals, effective July 1, 2013. Associate members can purchase and use meal cards for any additional meals.
