[Contact Us](#)

Today's world of business places a seemingly ever increasing pressure on companies to perform and get results. Yet there is still pressure on companies to expand and broaden the horizons of their team.

Rotary is "a worldwide network of inspired men and women who volunteer their time locally and around the world and form a global network of service projects that change lives in communities...."

It is therefore logical that a membership opportunity should facilitate a common objective.

The Rotary club of Ipswich is pioneering such a scheme offering:

- to meet their corporate social responsibility
- for personal growth and development
- for community involvement
- to make new contacts, both locally and abroad
- and to have fun doing it all.

Since the successful launch of the scheme in the Spring of 2014, many more corporate members with our club and others are expected.

For just £150 pa, your organisation could be a member of the scheme and designate one or more representatives who can then attend our club meetings and even by way of rota thus spreading the involvement and opportunity.
